

Workplace United Way Campaigns

Over 64% of the Callaway County United Way's campaign contributions come from individuals who arrange with their employers to make regular payroll deduction contributions to the United Way.

Giving through your workplace is not only more convenient for you, but it saves the United Way overhead expenses. Workplace giving is easy. Every pay period, a portion of your check – in any amount that you like – is automatically deducted and sent to the Callaway County United Way.

Each year, many businesses, corporations and schools throughout the area gear up to show support of our community by running a workplace campaign. If your company would like more information about running a campaign, or if you would like to share what your company does during your campaign, give us a call or [email](#) us.
